"Strengthening families to become the best." All-University Celebration

This year, Iowa State University celebrates the family. Throughout its 133-year land-grant history, Iowa State has pioneered programs that help strengthen family units and individual family members. It has provided educational opportunities for generations of families. And it has provided an environment where students of the Iowa State family come together to support, encourage and strengthen one another. The dedication of the College of Family and Consumer Sciences' new Palmer Human Development and Family Studies Building, numerous family-related events and speakers on campus, and a series of community visits across Iowa highlight the yearlong celebration.

Iowa State University of Science and Technology is an Iowa State Board of Regents institution.

Student Billing

Each month you will receive a Telecommunications statement detailing charges and long distance calls. (One resident in each University Family Housing, UFH, apartment is billed for basic service.) The total will appear on your Accounts Receivable Statement, along with any other university charges for that month.

Charges must be paid monthly to avoid loss of service and incurring a $10.00 (non-refundable) reactivation charge.

Contact the Telecommunications Office, 271 Durham Center, 294-8585, if your code is lost or stolen!

You are responsible for all calls placed using your authorization code. Do not give this information to anyone!

NOTE: FRAUDULENT BILLING CAN LEAD TO PROSECUTION - It is illegal for a person to charge long distance calls to another person's calling card or authorization code without their permission. Persons placing such calls to avoid payment for service are subject to prosecution and if convicted are subject to imprisonment and/or fine.

Data Network Information

The Iowa State University Data Network provides access to the Internet including campus services like the Library, Acropolis and college and department servers. Residence hall students use Ethernet; University Family Housing (UFH) and off-campus sites use remote access services.

Connecting to the Campus Network from the Residence Halls

To use Ethernet, you will need the following:
Ethernet Card (unless your computer has a built-in Ethernet connector). Ethernet cards are available in the Microcomputer Product Center, or through computer dealers. The Telecommunications Office supports 10BaseT connections in the residence halls.
Communications Software Once your computer hardware is set up for Ethernet, you will need to configure network connectivity software. Assistance is available in the Solution Center, 195 Durham Center, 296-6000. Several Software applications are available to you at no charge, which can be installed on your personal computer.

Buchanan Residents
add, move, or disconnect Ethernet
on-line:
http://www.tele.iastate.edu

NOTE

Lightning may damage equipment connected to a power source or a communications jack. The Telecommunications Office is not liable for damage caused by electrical storms. Surge protectors will not guarantee protection. We recommend that you disconnect both the power cord and communications cable during electrical storms.

For more information or assistance contact:

Connecting to the Campus Network from Off-Campus and University Family Housing (UFH)

Enhanced remote networking is available through PPP service utilizing V.34 (33.6K) or V.90 (56K) inbound modems. This gives users the ability to run applications such as Telnet, FTP, and web browsers. Use of PPP service is billed to a personal account through the Accounts Receivable Office. You must have an ISU Network-ID for authentication. Instructions for obtaining an ISU Network-ID are available in the Solution Center, 195 Durham Center.

To Establish PPP Service:

Log in to Acropolis
https://asw.iastate.edu

ENTER	net-ID and password
CLICK ON	Login
CLICK ON	Request
CLICK ON	PPP access

Answer the questions at each prompt. Rate information is included.

Obtaining Software

Client-end support is provided by the Computation Center. Software packages are available in several forms. Instructions for obtaining this software are available in the Solution Center, 195 Durham Center, and at
`http:/www.public.iastate.edu/~micronet.`

Connecting to the PPP Server

There are two access numbers for the PPP modem pools:

V.34	33.6K	268-4777
V.90	56K	268-4565

Temporary Data Protection

When using your telephone with a modem for data calls, activate Temporary Data Protection to prevent any interruption for the duration of your data call.

To activate:

Text-Only Network Access

The modems support speeds up to 28.8 kbps. To access these modems, dial:

268-enet
(268-3638)

At the prompt, enter your ISU Network-ID and password.

The Solution Center

The Solution Center provides a central resource to help students get connected to the network at ISU. Connectivity can be anything from requesting Ethernet assistance to getting help with site-licensed software. The Solution Center also helps students set up email, newsreaders, Telnet, and FTP (File Transfer Protocol). Personal computer users at ISU can rely on the Solution Center for a wide range of support. The Solution Center offers several handouts and advice to "do it yourself", or an appointment can be made with the SNAP team for help getting set up.

The Solution Center may be contacted by phone at 515-296-6000; by email at `solution@iastate.edu`; or in person in 195 Durham Center. Hours are from 8 a.m. to 5 p.m., Monday through Friday with additional telephone support hours. On the Web, look for it at `http://www.cc.iastate.edu/solution/`.

SNAP Team

The Student Network Access Project (SNAP) is available to assist students who wish to connect their personal computer to the campus network. An assistant can visit your residence hall room to help install an Ethernet card in your computer, configure the card, and help install the networking software. The team also maintains a drop-off service in the Solution Center, 195 Durham Center. Students may leave their machine in the work area and have the setup done there. Off-campus students can also drop off their machines to have their computer and modem set up to connect to the campus network through the PPP dial-up service.

SNAP is funded by your student computer fee. There is no charge for most standard services. Each student may receive one hour of no-charge consulting; a fee may be charged for some cases. You can contact the Student Network Access Project team by phone at 515-294-9316 or email at `snapteam@iastate.edu`.

Iowa Voter Registration Application

Voter Qualifications:

To register to vote in Iowa, you must:

> be a citizen of the United States

> be a resident of Iowa

> be at least 17 1/2 years old (you must be 18 to vote)

> not have been convicted of a felony (or have had your rights restored)

> not currently be judged "mentally incompetent" by a court

> give up your right to vote in any other place.

Deadlines for registering to vote are 10 days before a primary or general election; 11 days before any other election. You may register after the deadline, but your registration will not be effective until after that election. Normally, an application must be received by the deadline in order to be valid for the election. However, if your registration is postmarked at least 15 days before the election, it will be accepted for that election even if it is received after the deadline.

Registration is permanent. After you register, you do not have to register again unless you move to a new address.

Instructions:

1. Use this form to:
(a) Register to vote; or
(b) Report a change of name, address, telephone number or party affiliation.
